Tallahassee, FL 32308

August 19, 2024

Dear Patient,

I am writing to inform you of an upcoming change to my medical practice. First, I would like to thank you for the trust you have placed in me over the years as your physician. Your continued wellness and health remain my priority.

I will be leaving Tallahassee Primary Care Associates (TPCA), and **my last day providing medical care at the TPCA office will be Friday, September 27th, 2024**. I will transition to a position with Capital Health Plan where I will provide primary care at CHP's Nancy Van Vesse, MD Center for Healthy Aging. My tentative start date at this practice will be Monday, November 11th, 2024.

TPCA has been my professional home for the past 13 years and your medical home during part of that time. I have complete trust and confidence in my colleagues at TPCA, who have availability in their practice to assume your medical care. You may contact the office at 850-402-6205 or contact the following offices directly:

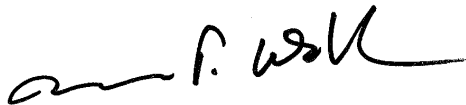

Dr. Laura Rosner at (850) 878-3555

Dr. Ricardo Bailey at (850) 702-9426

Dr. William Fleming at (850) 325-6005

I regret any inconvenience my transition causes and wish to express my gratitude for the trust you have granted me during my time as your physician.

Sincerely,

Mervin P. Wallace, MD, FAAFP
